## Grants & Funding

### Intramural Proposals

#### **Franciscan Missionaries of Our Lady University**

\$385,180 as Primary Investigator

\$248,138 as Co-Investigator

2026 Endowed Professorship (Co-investigator with Jaime Caillet)

*Advancing Clinical Education with Clarius Mobile Ultrasound Technology: \$72,795*

2026 Endowed Professorship (Co-investigator with Mari Kantrow)

*Enhancing Movement in Geriatric and Neurological Patients: \$6646*

**2025 Endowed Professorship** (Sr. Ann Young Prof / Sr Henrietta Didesse Prof)

Primary Investigator: *Advanced Health Professions Research Technology & Innovation: \$156,946*

**2024 Endowed Professorship** (Sr. Althea Jonis Professorship)

Primary Investigator: *Mapping Brain Function During Therapeutic Interventions to Reduce Pain & Improve Function: \$32,540*

**2023 Endowed Professorship** (Sr Rose Fitzgerald Professorship)

Primary Investigator: *Advancing Rehabilitation Research Technology: \$65,357*

2023 Endowment Grant (Co-investigator with Kelly Rodriguez)

*Error Augmentation via Mechanical Resistance: Applications for Physical Therapy Intervention: \$27,143*

**2022 Endowed Professorship** (Sr Julie O'Donovan Professorship)

Primary Investigator: *Advancing Biomechanical Analysis in Human Movement Research*: **\$81,798**

2022 Endowment Grant (Co-investigator with Jeffrey Thompson)

*Musculoskeletal Ultrasound Simulation in DPT Education*: **\$16,792**

2022 Endowment Grant (Co-investigator with Jaime Caillet)

*Integrating Musculoskeletal Ultrasound into DPT Education*: **\$54,285**

**2021 Endowed Professorship** (Sr Jean Renaux Professorship)

Primary Investigator: *Enhancing Biomechanical Analysis in Human Movement Research*: **\$26,619**

2021 Endowment Grant (Co-investigator with Albert Swafford)

*Real Time Direct Assessment of Cardiopulmonary Function*: **\$51,977**

2021 Endowment Grant (Co-investigator with Kelly Rodriguez)

*Integrating Virtual Reality in Physical Therapy Education and Research*: **\$15,000**

2021 Endowment Grant (Co-investigator with Michael Ludwig)

*Utilizing Portable Musculoskeletal Ultrasound for Physical Therapy Education*: **\$3500**

**2020 Endowed Professorship** (Sr Magdalen O'Donovan Professorship)

Primary Investigator: *Biomechanical Evaluation of Human Movement System using Kinematics*: **\$21,920**

**Extramural Proposals**

**Louisiana Board of Regents Departmental Enhancement Grant (2023)**

*Enhancing Education of Entry Level Physical Therapists Using Musculoskeletal Ultrasound*, \$143,800 requested; not funded

Role: PI

**NIH: National Center for Complementary and Integrative Health RFA-AT-22-003 (2023)**

*Differentiating dysfunctional fascia through multimodal ultrasound imaging in patients with myofascial pain*, \$2,040,908 requested; not funded

Role: PI

**Foundation for Woman's Hospital (2023)**

*Woman's Hospital Pilot Study – Bringing Exercise to Cancer Survivors*: **\$15,000 awarded**

Role: Co-investigator

**Launchpad Innovation Pilot Award (2023)**

*Impact of Activity and Mobility Promotion (AMP) on inflammation, cognitive-motor function and fall risk in clinical patients: an observational study*: \$30,000, not funded

Role: PI

**Launchpad Innovation Pilot Award (2022)**

*Bringing Exercise to Survivors in Baton Rouge (BETS-BR)*: Award Finalist, \$30,000, not funded

Role: PI

**Louisiana HealthWorks Commission (2021)**

*Graduate Health Professions Students' Perceptions of Using an Ultrasound Simulator to Learn High-Risk Procedures Involving Needles*

Role: Co-investigator: \$50,000, not funded

**Louisiana Physical Therapy Association (1997)**  
*Hamstring Imbalances in Sacroiliac Dysfunction: \$600*  
Role: Primary Investigator
