2025-2026 Non-Matriculating Certification Statement

Student's Name: _____ SID: _____

A student must be enrolled in a degree or certificate program in order to receive any type of Federal Student Aid (FSA). Our records indicate that you are currently classified as a non-matriculating student, and therefore you are not eligible to receive FSA, but in certain circumstances, non-matriculating students may be considered for aid. Based on the information provided on this form, our office will determine if you are eligible to be considered for federal financial aid as a non-matriculating student. Please note that if you are approved to receive aid, your annual loan limit as a non-matriculating student is less than that of a degree-seeking student. Non-matriculating students may only receive aid for a period not to exceed 12 consecutive months.

Please indicate which degree/certificate you will be working as a non-matriculating student and submit this form to the Dean's office of the college school in which you plan to enroll.
