- Use this function to view the current award year or past award years. This portal can only be used to view financial aid information at FranU. To view all school information, access your FSA account StudentAid.gov or NSLDS via the Resources index (see below).

There will be a **next step of note** below the Award Year selection. This message will vary from student to student, depending on where they are in the financial aid process. In this student's case, it is a notification to submit the FAFSA. You can click any included link for a quick step to complete this notification.

You can select the **Contact Financial Aid Office** to open a new email message with your computer's default messaging program to contact the Office of Financial Aid.

[5] The **Federal Pell Grant Lifetime Eligibility Usage** section displays how much of the Federal Pell Grant you have used at all schools attended. The amount of Federal Pell Grant funds you may receive over your lifetime is limited by federal law to be the equivalent of six years of Pell Grant funding. Since the amount of a scheduled Pell Grant award you can receive each award year is equal to 100%, the six-year equivalent is 600%.

Not all students are eligible for the Federal Pell Grant. [Learn more about the Federal Pell Grant at StudentAid.gov.](#)
