NAMING OPPORTUNITIES

Franciscan Missionaries of Our Lady University's vision is taking shape through a major 75,000 square foot, three-story building which will be dedicated to academic and student development functions at both the undergraduate and graduate levels.

St. Francis Hall represents the initial step in the development of the University's campus master plan.

Located at the corner of Brittany Drive and Picardy Avenue, this important building will serve as the front door to a cohesive and identifiable campus.

St. Francis Hall, the cornerstone of Franciscan Missionaries of Our Lady University's campus, offers over 170 naming opportunities to interested donors.

Note that while a gift made through this initiative will not pay for physical space, it will provide an interactive and student-centered environment for learning through curricular and co-curricular activities.
