## UNIVERSITY INFORMATION

### UNIVERSITY HISTORY

When the Franciscan Missionaries of Our Lady ventured to Louisiana from France early in the twentieth century, they had no idea just how profound an impact they would have on the people of Louisiana. Today, Our Lady of the Lake Regional Medical Center employs over 4,000 people and serves 125,000 patients each year. The foundation of this, which has blossomed into the largest hospital system in the state, had its beginnings with the work of the missionaries who came here in 1913.

The delivery of health care has changed dramatically since 1913, when the first Sister, Mother deBethany, arrived to attend to the needs of the afflicted. Realizing the need to educate employees in the innovations of health care, the Sisters founded a nursing training program in 1923, and Franciscan Missionaries of Our Lady University is the result of those early (as well as more current) efforts of the Sisters who make up the Franciscan Missionaries of Our Lady.

Franciscan Missionaries of Our Lady University, then, is founded on the work of those Franciscan Missionaries who empowered the University to prepare health care practitioners who can share in the Sisters' life dedication to providing health care to this community. Seeking to be faithful to the ideals of this heritage, Franciscan Missionaries of Our Lady University is committed in all of its policies and practices to the pursuit of truth, to a respect for differing points of view, and to the ethical and human values inherent in the philosophy of the Franciscan Missionaries of Our Lady. Compassion, Understanding, Respect, and Dignity are Christian virtues we hope to share with you so that you may share them with others. "Grant that we may not so much seek to be understood as to understand" St. Francis said, (My Favorite Quotations, Peale, 1990.) This is at the very heart of this institution, and it has been since the beginning when the first Sisters showed a willingness to sacrifice for the sake of others.

Your education here, though steeped in the specifics of your professed health care discipline, will also exemplify the spiritual obligations we have as human beings, both to one another and to God. We pray and hope that when you leave, you take with you not only the health education required for employment, but the deep understanding of the spiritual foundation from which you are given the gift of healing. It is also true that it will be much later in your life when you will become fully aware of just how much an affect you have had on your patients, both in ministering to the body and to the spirit. The reward for treating others with respect and tenderness is often not apparent at first and is usually manifested in ways that surprise us. For as Jesus stated, "Whatever you did for one of the least of these brothers of mine, you did for me." (Mathew 25:40) In healing others, we heal ourselves as well, or, at the very least draw closer to God who has compelled us to undertake this edifying task.

A solid educational foundation in health care can serve as a powerful tool in working with those with whom you come in contact. As life presents us with the many opportunities and challenges, that it

invariably does, this foundation is of the utmost importance; for it provides us with the learning and security that will assist us in moving ourselves forward, enabling us to offer the best possible care.

The history of Franciscan Missionaries of Our Lady University has taught us what it means to be willing to meet new challenges. When Franciscan Missionaries of Our Lady University began its journey as a diploma school of nursing, few could have predicted the phenomenal growth and expansion that has occurred, particularly in the last few years. Whereas once enrollment was less than 100, today the University enrolls over 1,700 students. We have gladly accepted the responsibilities that have come with expansion in order to find out our full identity at a time when health care is in as great a demand as ever. It has been a journey of enormous importance and we are grateful for having been able to be of help to so many.

Your educational journey and our institutional journey continue together. Discoveries wait which will reveal more about our faith and our values and roles in a larger society. Your journey is not undertaken alone, but in concert with the students, faculty, administration, and staff of our University. "Come to me confidently whenever you want," St. Francis once remarked, "and feel free to speak to me with the utmost familiarity." We sincerely hope you will risk the kind of journey afforded you through enrollment in Franciscan Missionaries of Our Lady University, one that will yield up many discoveries about yourself and those with whom you come in contact. How often we refuse to go through the door that is opened for us. Our hope is that you will find it in your heart to cross this threshold, as the first Franciscan missionaries did. We offer a solid foundation in learning, a tradition of success in helping others and a legacy of service to God's people.

## **MISSION STATEMENT**

The mission of the Franciscan Missionaries of Our Lady University is to educate and form Franciscan servant leaders of all faiths. By choosing to join this community, I accept the obligation to live by these common values and commit myself to the following principles. *By endorsing these common principles, I accept a moral obligation to behave in ways that contribute to a civil campus environment and resolve to support this behavior in others. This commitment to civility is my promise to the Franciscan Missionaries of Our Lady University and its community of scholars.*

## **STUDENT CODE OF CONDUCT**

The purpose of the Student Code of Conduct is to review potential violations of the University community standards. Further, the code of conduct represents the concept that a disciplinary process should, in fact, be an educational experience that fosters responsibility for individual actions, as well as for the way the community functions. The prevailing rule in student discipline must be that of fundamental fairness and education.

All students are responsible for abiding by the standards of the University community, and those who violate them are subject to disciplinary action. Moreover, the University recognizes and respects local, state, and federal laws and statutes. The University may pursue enforcement of its own rules, whether or not legal proceedings are under way or forthcoming, and may use information from third-party sources, such as law enforcement agencies and outside media, to determine whether University rules have been violated. The standards of behavior should be read broadly and are not designed to define misconduct in exhaustive terms. A conduct officer will find a student responsible for a conduct code violation if the violation is proven by a preponderance of the information presented.

### **JURISDICTION**

The Student Code of Conduct applies to conduct that occurs on University owned or leased property and at University-sponsored events. In addition, the University reserves the right to address, through the Student Code of Conduct process, incidents which occur off campus that may endanger the health, safety, and welfare of others and/or adversely affect the University and/or the pursuit of its mission. ## APPEALS

A formal letter of appeal specifying the grounds upon which the appeal is based and supporting information must be submitted to the Vice President (VP) for Enrollment Management and Student Affairs no later than three business days after receipt of written notification of disciplinary sanction(s). Sanction(s) imposed by the conduct officer may not be enforced until the appeal process is finalized unless it is determined that the student is a hindrance to the educational process or a danger to him/herself and/or the University community. Students who do not attend their conduct meeting forfeit their right to appeal. Appeals are accepted for:

- Additional and/or new relevant information not available at the time of the conduct meeting.
- An error in the conduct process, as outlined in the Student Procedural Rights.

The VP of Enrollment Management and Student Affairs determines whether or not there are grounds for an appeal meeting. If it is determined that it should be granted, he/she may conduct a formal appeal meeting. Representative(s) from the initial conduct meeting may be called to attend the appeal meeting. The results may be:

- To concur with primary conduct officer. In this case, the initial decision is final.
- To modify the finding(s) and or sanction(s) decided by the conduct officer.

The appeal decision is final.

## ACADEMIC HONESTY

Any formal academic setting relies upon high standards of honesty among its students and its faculty. The University expects both faculty and students to abide by these standards in order to help fulfill the mission of University, which is to provide an educational setting where religious and human values are respected. An important aspect of this process is academic honesty. University faculty and students are expected to apply the principle of academic honesty by consistently displaying honesty and forthrightness in their academic endeavors. Intellectual inquiry can possess value only if it is acquired and presented legitimately – whether in the traditional classroom setting or in any distance education course work undertaken at the University. All students are expected to adhere to the Honor Code.

## HONOR CODE

We, the student body of Franciscan Missionaries of Our Lady University, embrace the idea that honor is an intangible quality, which, if it pervades all phases of campus life, tends to foster a spirit of dignity and personal integrity. Upon enrolling at the University, we become part of the Franciscan Missionaries of Our Lady University Honor System. We realize that honor must be cultivated and that its success depends upon the combined and cooperative efforts of the University's administration, faculty, staff and students. Inherent in the honor system is the premise that students will not perform or tolerate any violations of the Student Code of Conduct published in *Franciscan Missionaries of Our Lady University Student Handbook*. As responsible members of the Franciscan Missionaries of Our Lady University community, each of us freely accepts and proudly endorses this, our code of honor.

## VIOLATIONS OF ACADEMIC HONESTY

Some of the various ways in which academic honesty can be violated are listed below. Violations include but are not limited to:

**Cheating:** An act or attempted act of deception by which a student seeks to obtain academic credit in a way that is unethical, dishonest, disrespectful, irresponsible, untrustworthy or unfair. Cheating prevents faculty to honestly and fairly assess student knowledge, skills, and competencies. Examples include:

- Copying from another student's exam paper or allowing another student to copy from their exam paper.
- Using notes, course textbook, or other materials not authorized for use during an exam.
- Participation in cheating or lying in reference to clinical laboratory settings, classroom assignments, or computer assignments.
- Giving or receiving information without authority from or to any other person during an exam.

**Fabrication:** The intentional use of false or invented information, data, or research with the intent to deceive. Examples include:

- Submitting as your own any academic exercise that was prepared in full or partially by another person (e.g., written nursing care plans, case studies, computer assignments, or other written work).
- Citing information in a formal paper not taken from the reference indicated.
- Listing references not utilized to research or complete the academic exercise.
- Permitting another student to substitute for oneself to take a test or doing so for another student.

**Plagiarism:** The inclusion of someone else's words, ideas, or presenting data as one's own work.

Students must avoid plagiarism by fully and properly documenting any use of outside sources.

Examples include:

- Purchasing, downloading, or otherwise acquiring a paper or other course work completed by another person.
- Allowing another person to contribute significantly to completing a graded assignment.
- Using another writer's exact words without quotation marks and appropriate documentation.

- Paraphrasing or summarizing another writer without proper acknowledgment and documentation.
- Any other attempt to mislead an instructor regarding one's performance, activity, or participation.

## **DETERMINATION OF VIOLATIONS OF ACADEMIC INTEGRITY**

### **Reports of Suspected Academic Dishonesty**

If a student, faculty or FranU employee suspects a student has committed academic dishonesty, the alleged violation should immediately be reported to the faculty member teaching the course or to an administrator. The Student Conduct Reporting Form should also be completed either by the person suspecting the incident of academic dishonesty or the faculty member teaching the course.

Attorneys or any other spokespersons are not allowed to represent individuals in regards to alleged violations of academic honesty. Audio or video recordings of any meetings is also not allowed.

### **Informing the Student of the Charge and Investigating the Charge**

- If the faculty member has reason to believe that a willful violation of academic honesty has occurred, he or she will investigate the situation by first meeting with the student so as to allow the student to respond to the allegation. The faculty member will include the program director or chair in this meeting as an unbiased witness. If the faculty member is a program director or chair, the appropriate school dean will assign a designee to serve as the unbiased witness.
- This meeting will occur within five working days of the discovery of the suspected violation and provides the student with an opportunity to clear himself or herself to the satisfaction of the faculty member.
- If the student is cleared, the matter will be dropped.

### **Handling the Charge**

- If the student refuses to meet with the faculty or the faculty determines that there has been a willful act of academic dishonesty, the faculty member will consult with the Dean of Students to determine if the student has had previous violations of the Academic Code of Conduct, including previous reports of academic dishonesty.
- The faculty member and program director/chair may request additional meetings with the student and/or others involved in the incident to gather more information about the incident.
- If the faculty member teaching the class is a program director/chair, the appropriate school dean will assign a designee to collaborate with the faculty of the course, review the circumstances, and impose an appropriate sanction.
- During the period between notification of a student's misconduct and the imposed sanction, the student shall be able to proceed in good standing. There will be no discrimination or retaliation as a result of a student's exercise of his or her rights under these procedures.
- The faculty member and program director/chair will consult with the appropriate school dean if they believe the well-being of the student or others may be compromised due to the violation

of academic honesty. The dean may suspend the student's right to attend class and/or clinical in this situation and will help the faculty and program director/chair determine the appropriate sanction. In these cases, if the student files an appeal, the student will appeal to the Provost.

- The faculty member in collaboration with the program director/chair will review the circumstances and impose an appropriate sanction.
- The program director will notify the student of the charge and the sanction electronically within five working days of the initial meeting. A hardcopy letter will also be mailed to the student and forwarded to the appropriate school dean and the Dean of Students.
- Sanctions for violations of academic dishonesty range from failure on an assignment up to and including dismissal from the university. Record of imposed sanctions will be retained in the office of the Dean of Students and forwarded, as appropriate, to the registrar.

## **Appeal Procedures**

If the student believes that the process and procedures outlined in this policy were not followed, the student may appeal to the appropriate school dean within three working days of receipt of the sanction from the program director/chair.

- The student will complete the Student Conduct Appeal form and submit a signed statement indicating his/her position to the dean.
- The dean will notify the faculty member and program director/chair of the appeal.
- The faculty member and program director/chair will submit a written description of the incident to the dean.
- The dean will review the faculty member and program director/chair's description of the situation and the student's statement.
- The dean may interview the student, faculty, program director/chair, and anyone persons related to the appeal if clarification of the event is needed. If the dean requests an interview with the student, the student may request to have a faculty or staff member, another student, a friend or a family member attend the hearing to support the student. At no time may this support person speak during the meeting. The support person cannot be an attorney.
- The student, faculty, and program director will be notified of the dean's decision electronically within ten working days after receipt of the student's appeal. A hardcopy letter will also be mailed to the student and forwarded to the office of the Dean of Students.
- The decision of the dean is final and not appealable.

If the dean was involved in determination of the sanction, the above process will be followed, except the student will appeal to the Provost. The Provost may interview the dean along with the student, faculty, program director/chair, and any persons related to the appeal if clarification of the event is needed. The Provost will notify the student and the dean of the decision. The Provost's decision is final and not appealable.

## ACADEMIC POLICIES AND RESOURCES

Please refer to the [University Catalog](#) for specific academic regulations and procedures such as: academic advising, registration, class attendance, withdrawing from a class, repeating courses, examinations, and grading system.

### ACADEMIC COACHING

Under Student Affairs, Academic Coaching provides tools for academic success. Each student is provided with the opportunity to meet in such areas as, Learning Styles, Note Taking Skills, Technical Reading Strategies, Test taking skills, Study Skills, Time Management, Organizational Skills, etc. To schedule a meeting to meet regarding an academic coaching topic, please visit Student Affairs or fill out the form on the University Portal (under Student Affairs, then Academic Coaching).

### ACADEMIC FACILITIES

All students are expected to observe the rules related to the use of campus classrooms and facilities. Use of a classroom for student activities must be approved by the Office of Academic Affairs and scheduled with the administrative assistant to the Vice President for Academic Affairs. Under no circumstances may a student enter a locked office or classroom without proper authorization. Violation of this policy shall result in disciplinary action.

### ACADEMIC STATUS

Progression and Non-Progression statuses are used by some programs as a benchmark for student success. Each program defines Progression and Non-Progression requirements differently. These requirements can be found under each program heading in the University Catalog. Progression and Non-Progression statuses, while part of the student's permanent record, are not printed on the student's transcript. The University policies regarding Academic Status are as follows:

#### Good Standing

A student must have a minimum overall grade point average (GPA) of 2.0.

#### Academic Probation

Provides a warning for a student whose academic work is unsatisfactory. For the first semester that a student is on academic probation, he/she can register for a maximum of twelve credit hours in the fall or spring semesters and six credit hours in the summer. If after the first semester on probation the student achieves a semester GPA of 2.0 or greater, the credit hour restriction may be lifted upon recommendation of his/her academic advisor. Any student on academic probation must see an advisor each semester that he/she is on probation. A student is placed on academic probation under the following situations:

- When his/her overall GPA is below 2.0
- When he/she is admitted on probation from another institution
- When he/she is a re-entering student whose last academic status was on probation
- When he/she is re-entering student after academic suspension

To remain eligible to enroll in courses while on academic probation, a student must achieve at least a 2.0 semester GPA. Once on academic probation, a student will remain on probation (as long as each semester GPA is at least 2.00) until an overall GPA of 2.00 or higher is achieved. Academic probation status will be posted on the student's academic record. Failure to achieve a 2.0 or greater semester GPA results in suspension.

### **Academic Suspension**

Designates a time period whereby the student is not eligible to enroll in courses due to his/her unsatisfactory academic work. A student is placed on academic suspension status when the student on probation does not achieve a semester GPA of 2.0 or greater. A student on academic suspension status may not register for courses at the University for the following regular (Fall or Spring) semester as well as the intervening Summer term. Any course work taken at another institution while a student is under academic suspension status will not be accepted for transfer credit and will not be used to fulfill degree requirement or to change or modify the GPA. Academic suspension status will be posted on the student's academic record. An application for readmission is required. If readmission is approved by the Admissions Committee, the student will be placed on academic probation status.

### **Academic Dismissal from the University**

Academic dismissal from the University designates a status in which the student is ineligible to continue enrollment in the University. A student will be dismissed from the University if he/she has been suspended three times. Academic dismissal will be posted on the student's academic record.

## **ACADEMIC STUDENT COMPLAINTS (NON-GRADE RELATED)**

Students who feel they have an academic grievance (non-grade related) should first discuss the problem with the faculty member involved. If, following the discussion with the faculty member, the situation is not satisfactorily resolved the student should discuss the grievance with the Program Director or Department Chair in the relevant program. If the matter has not been resolved at that level, the student should take the issue to the School Dean. In the unusual case in which this process fails to bring about a satisfactory resolution, any individual may pursue the matter further. He or she must submit a written complaint/concern to [complaints@franu.edu](mailto:complaints@franu.edu). Please see the *Student Complaint and Grievance Procedure* section in this Handbook for additional details. For grade related complaints, please see the section for *Student Grade Appeals*.

## **ADVISING**

## **ILLNESS/INJURY POLICY REGARDING CLASS ABSENCES**

All students with health conditions (illnesses, infections, injury, etc.) which necessitate leaving a clinical assignment or an extended absence of 3 or more days must discuss their situations with their instructors and the Director of Campus Health and Safety. The student may continue in the program with the written approval of his/her physician.

Following the absence, the student may return to school after obtaining a physician's written consent of the student's ability to participate in all activities inherent in the course description. **The student must contact the Student Health and Safety Office regarding how to obtain a "Return to Class/Clinical Form". Student will need to provide physician documentation regarding dates of illness and any activity restrictions prescribed.** An illness requiring an extended absence that prevents the completion of course work because of circumstances beyond the student's control, may necessitate the process for "I" grade, withdrawal, or resignation. The student must initiate the appropriate process following established guidelines in the current catalog.

Students are expected to be on time and prepared for classes. Faculty reserve the right to restrict classroom entrance once class begins.

## STUDENT GRADE APPEALS

Franciscan Missionaries of Our Lady University recognizes that grades should represent a fair and equitable evaluation of how well students have achieved the expected learning outcomes of a course, an assignment, an exam, or an activity. Students have the right to know how their work in a course will be evaluated and how those evaluations will determine the course grade. The following information should be available to students in every course, from the first class day:

Transportation by taxi to a designated drug testing center will be arranged as needed. If the student drug screen is being done for reasonable cause, the student may not return to the classroom or clinical setting until the University is assured that the student is in compliance with the drug regulations and has a negative test.

Students who fail a University mandated drug screen will not be permitted to apply for any clinical program until the record is cleared as verified by the Health & Safety Office. This policy also applies to enrollment in any course with a clinical or service learning component. Students denied admission may reapply after a period of one full year following appropriate and documented treatment (or resolution of the problem) and follow up and presentation of a negative drug screen at a University designated facility and at a time appointed by the University.

Clinical students should also refer to the Drug and Alcohol Policies information in the document "STUDENT HEALTH & SAFETY: Policies and Procedures" on the student portal. For additional information and details on the Alcohol and Drug Policy please contact the Office of Health and Safety.

### **Community Expectations**

The University encourages mature reflection by its students when making personal choices. Students are expected to be aware of University policies and the availability of help for those who need

assistance. The welfare of students in our community is paramount; therefore, the University expects students to assist fellow students when they are in need.

## **Legal Responsibilities**

The state of Louisiana prohibits the purchase, public consumption or possession of alcoholic beverages by people under the age of 21. Federal, state, and local laws prohibit the possession, manufacture, distribution, and sale of illegal or harmful drugs and drug paraphernalia. Students at University are subject to jurisdiction under federal and state laws. In addition, the misuse of drugs or alcohol by the student on campus or at an off-site agency affiliated with the University is subject to University disciplinary action.

## **To report a suspected violation of the Drug and Alcohol Policy**

Please follow the guidelines for the Student Conduct Process in this Handbook. All reports should be directed to the Dean of Students who will then assess the situation and collaborate with the Director of Health & Safety. Individuals who refuse to consent or cooperate in the administration of the drug testing program or have a confirmed positive test for illegal drug usage, misuse of prescription drugs or over the counter drugs are in violation of University policy and are subject to discipline, including, and up to expulsion. In addition, students who fail to report for the test by the established deadline or attempts to manipulate the results of the drug test, the test will be treated as positive.

## **Resources**

The University focuses on education of the campus community regarding the effects of alcohol and other drugs. Resources available for alcohol and drug abuse problems include, but are not limited to, the Student Affairs Department, the University Health & Safety Office, the FMOL Employee Assistance Program, and/or other community resources. Students are informed of resources and programs through flyers, campus-wide emails and other campus communication forums.

Student Affairs also provides counseling to students exhibiting problems with alcohol or other drugs and confidential assessment and referrals to resources within the Franciscan Missionaries of Our Lady Health System or outside agencies. All consultations are confidential. Students are advised when it is necessary to report any information concerning actions or practices which are violations of state or federal laws.

## **IMMUNIZATIONS**

All students currently enrolled or enrolling at University are required to provide proof of immunizations for measles, mumps, and rubella (MMR), tetanus and diphtheria (TD) vaccination within the past ten years, and meningitis vaccination or the Waiver of Meningitis Form to the Office of Health and Safety following receipt of a student's acceptance letter from Admissions. All health forms are available on [Student Health](#) website or within the Office of Health and Safety.

## **STUDENT HEALTH INSURANCE**

The University encourages all students to carry personal health insurance. It is **strongly recommended** that all students enrolled in clinical degree programs carry personal health insurance

and that this be verified to the Health and Safety Office. Brochures on different insurance plans available may be obtained from the Health & Safety Office and additional resources are available on their website.

### **Clinical Accident Insurance**

The University provides Accidental Injury Insurance for all students enrolled in a clinical program or science laboratory course. This insurance only covers injuries resulting from an accident occurring while participating in assigned clinical activities. Expenses incurred from injuries resulting from such an accident that require medical care or treatment and are provided at an emergency room, hospital outpatient department, clinic or doctor's office, will be payable at 100% of the Reasonable and Customary charges up to a maximum of \$10,000 per accident. Please note that this is a secondary policy and will only pay claims after the student's primary insurance has paid. The student must submit an incident report to the Health and Safety Office as soon as possible following the accident.

### **STUDENT HEALTH RECORDS**

Student health records are completely confidential and maintained separately from academic records. Health records may be released only with the student's written consent. Student health records will be stored for a period of two years following the last semester enrolled at University. **Hard copy health documents** stored longer than this two-year period will be destroyed.

### **Procedure for Release of Student Health Information and Records**

To release student health records, the student must complete and sign the [Authorization for Release of Health Information form](#) available in the Health & Safety Office and on the University website. Telephone requests for out of town students may be completed after the student obtains and faxes or mails the completed "Authorization for Release of Health Information" form to the Office of Health & Safety.

### **CAMPUS SAFETY**

The University is committed to providing the University community with a safe and secure learning environment where members can pursue academic, career, and personal goals, free from unwarranted concerns for personal safety and property. The *Campus Safety and Security Booklet and Annual Security Report* is published each August by the University and includes campus safety policies and procedures, the annual security report, including documentation of campus crimes for the preceding three calendar years. The offenses for which the statistics are reported are defined in accordance with the FBI's Uniform Crime Reporting Program. This Booklet is also available from the Office of Campus Health and Safety.

### **CAMPUS SECURITY SERVICES**

University buildings are equipped with alarm systems. Lighted parking lots are provided for students should they enter/exit the building during the evening hours. Should a student note any unusual situations related to safety/security, they are encouraged to call security services at 225-765-8825 and notify University administration. The ultimate responsibility for personal safety rests with each student. Each student should be aware of potential risks to safety. The student is encouraged to:

- Walk with friends in lighted areas.
- Know building evacuation procedures in case of emergency.
- Know how to contact the security department or local authorities.
- Take reasonable actions to protect self and property.

## Security Guards

The University is served by Our Lady of the Lake Regional Medical Center's (RMC) security subcontractor, Lake Security, as well as off-duty Baton Rouge police officers. Security guards maintain physical security and safety through vigilance and management of external and internal rounds as stipulated by the Director of Security. The Security Department is staffed 24 hours a day to provide immediate availability for emergency response. In addition, an extra duty police officer is available during instructional hours Monday through Friday and can be contacted by calling 225-202-7890.

## Security Escort Service

The RMC security guards will provide escort service upon request and courtesy patrol in parking areas by calling 225-765-8825. Due to the nature of our growing campus with an increase in the number of students and classes, the fact that students and staff occupy several buildings on different streets, and that the escort service is also available to the RMC staff and visitors, an escort may not be available in a timely manner. It is therefore strongly recommended that students use a buddy system to escort each other while on campus. Students are encouraged to meet each other before and after classes so that they may travel in groups. For suggestions on developing a buddy system, contact the Office of Health and Safety at 225-768-1755.

## CLERY ACT

The campus safety and security policies, procedures and guidelines have been developed to assure this environment and to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and subsequent amendments. The Clery Act is the landmark federal law, originally known as the Campus Security Act, that requires colleges and universities across the United States to disclose information about crime on and around their campuses. The Violence Against Women Act 2013 bill included what is known as the Campus Sexual Violence Elimination Act (Campus SaVE), which amends the Jeanne Clery Act and affords additional rights to campus victims of sexual violence, dating violence, domestic violence, and stalking. The Campus Health & Safety Director serves as the Campus Security Authority (CSA).

## **EMERGENCY COMMUNICATIONS**

The University recognizes that no single technology is inclusive enough to notify all of the people all of the time. Because of this, we will use multiple technologies that are designed to overlap and complement each other. Notification will include: Text Messages to cell phones, Pop-Up Alerts to Network Computers (when available), campus wide email, disaster call tree, University website alert, emergency hotline message, social and public media.

### **Emergency Text Messaging**

All University faculty, staff and students shall have the option to participate in the emergency notification system by receiving text messages to their phones. Students who provide a mobile phone number to the Registrar's Office will be enrolled automatically for this service. Faculty, staff and students who choose to receive text messaging will be responsible for fees charged by their cellular carrier.

### **Emergency Hotline**

The status of any campus emergency will be recorded on a dedicated voice mail box and updated as the situation warrants. Students, faculty and staff may dial the hotline number at 225-526-1600 to hear the recorded message at any time.

## **EMERGENCY PROCEDURES**

The University published Safety Manual Plan incorporates emergency response and evacuation policies and procedures for a variety of situations. Information regarding this plan is available within the Office of Health and Safety. For a potential emergency or active threat on campus please notify Campus Police at 225-202-7890 or dial 911. Afterwards, make a second notification to the Director of Health & Safety at 768-1755 who will then determine the next steps and contact the appropriate people.

Please see the University Portal Campus Safety page or the University website Campus Safety page for additional resources regarding the Safety Plan, University Hurricane Plan, and Campus Safety & Security Booklet and Annual Security Report.

## **FIRE SAFETY**

Monitored fire alarm systems and/or smoke detectors are located in all campus buildings. Furnishings or decorations of an explosive or highly flammable character shall not be used. The following procedures are to be followed if a fire is discovered or suspected:

- Close all doors, especially doors to fire area.
- A fire extinguisher may be used to extinguish a small, contained fire.
- Go to the nearest exit and evacuate the building. Assemble in the parking lot away from the building. Follow the instructions of the Security Officer and/or University administration.

## **TOBACCO POLICY**

The University is a tobacco free campus. The use of tobacco products including, but not limited to, cigarettes, cigars and pipe smoking and chewing tobacco is prohibited on the University property; electronic cigarettes (E-cigarettes) and similar products are also prohibited. The property includes all buildings, grounds and parking lots owned, leased or operated by the University or RMC.

### **Disciplinary Procedure for Tobacco Violations**

Students who fail to comply with the Tobacco Policy will undergo the following disciplinary process overseen by the Director of Health and Safety:

- Upon first notice of a violation, the student will receive a verbal warning.
- Upon second notice of a violation, student will receive a second warning.
- Upon third notice of a violation, the Dean of Students will be notified to refer the student for counsel regarding the smoking behavior, the student will be placed on probation.
- Upon the fourth smoking violation, the student will be referred to the Vice President for Student Affairs and Enrollment with a recommendation for disciplinary suspension.

## **GENERAL UNIVERSITY POLICIES AND INFORMATION**

### **CHANGE OF NAME OR ADDRESS**

Current addresses will be used for official written communications. Students are responsible for information mailed to addresses of record. It is the responsibility of each student to ensure that his or her information of record is correct. Faculty or other department-level offices may collect such student information for their own purposes, but this does not constitute an official notification of change. All address and name changes should be submitted to the Office of the Registrar on a Demographic Information Update Form that can be secured from the Office of the Registrar.

### **CHILDREN OF STUDENTS**

For safety, children in the University must have adult supervision at all times. Children are **not** allowed in the classroom because of liability issues.

### **FERPA (FAMILY EDUCATION RIGHTS AND PRIVACY ACT)**

In compliance with the Family Educational Rights and Privacy Act (FERPA), University cannot release personally identifiable information to any person other than the student, unless written permission is given to the University to do so. This includes, but is not limited to, grade reports, academic schedule information, and transcripts. The student's name; local and permanent addresses; telephone numbers; email addresses; date and place of birth; classification; major field(s) of study; dates of attendance; degrees, honors, and awards received; most recent educational institution attended; and photographs is considered public "Directory Information" and may be released by the University for any purpose unless the student requests that it be withheld. For additional information on students' rights concerning educational records please see the University Academic Catalog.

## **Release of Educational Records**

Students may give permission for their educational records to be released to designated parties by completing the "FERPA Authorization to Release Educational Records" available on the Portal or from the Registrar's Office. This form allows students to grant parents, guardians, spouses, and/or others access to their educational records maintained by the Registrar's, Business and Financial Aid Offices and other student records maintained by other entities on the University campus. If you have questions, contact the appropriate department.

## **Non-Disclosure of Directory Information**

Students who do not want their directory information given out must complete the Directory Non-Disclosure Form available on the Portal or from the Registrar's Office. This form must be received by the end of the first full week of classes for any term to ensure that the student's directory information is not released except to officials with legitimate educational purposes as authorized by FERPA.

## **FIREARMS AND WEAPONS**

The unauthorized possession of firearms, knives or any type weapon is prohibited on the University campus. The possession of such weapons may result in disciplinary action up to and including dismissal.

## **MEDICAL LEAVE OF ABSENCE**

The University is committed to creating an accessible and inclusive environment for all students. Any student with a condition (illness, infection, injury, pregnancy, etc.) that necessitates leaving an assignment or results in an extended absence of 3 or more days must discuss their situation with their instructors and the Director of Campus Health and Safety.

Students may choose to continue with their program with the understanding that they are expected to satisfactorily meet the same standards of course and classroom performance as are the other students enrolled in the program as well as adhering to academic policies that apply to all students.

### **Procedures Related to Absence**

Following an absence described above, the student may return to class after obtaining medical documentation of the student's ability to participate in all activities inherent in the course description. The student must contact the Student Health and Safety Office regarding how to obtain a "Return to Class/Clinical Form". Student must provide medical documentation regarding dates of illness and any activity restrictions prescribed. An illness requiring an extended absence that prevents the completion of course work because of circumstances beyond the student's control, may necessitate the process for an "I" grade, withdrawal, or resignation. The student must initiate the appropriate process following established guidelines in the current catalog.

### **Request for Accommodations**

Students who wish to request reasonable accommodations for medical reasons must register with the Office of Disability Services (see Student Handbook regarding Disability Services). Reasonable accommodations vary based on the student's circumstances and academic program. Please refer to

your program handbook regarding additional recommendations for students in specific programs. Students should then discuss their medical accommodation request with their professor(s). If unsatisfied with the faculty members' response(s), then the student should contact their Program Director/Chair. If the student has attempted to resolve their concerns with their Program Director/Chair and is still unsatisfied with the response, they may contact their School Dean. The decision of the Dean is final.

## **PARKING**

To prevent unauthorized vehicles from using campus-parking areas, security officers will enforce the parking regulations. Security officers will give one warning to vehicles parked "legally" but without University parking tags; subsequent violations will result in the vehicle being booted. Cars may be booted or towed if parked in restricted areas such as fire lanes, loading zones, or blocking dumpsters. Additionally, parking in the hospital or clinic lots prevents patients and visitors from parking so this is not allowed. Campus parking maps are available in the Administration Building as well as in the Safety and Security Booklet.

Vehicles in violation of campus parking regulations are subject to booting on a first time offense. There is a fine charged to remove the boot. The fine for first offense is \$10, second offense is \$20 and each offense thereafter is \$50. The University is not responsible for damage caused to vehicles in the process of parking or driving on campus. All vehicles are operated or parked on the campus at the owner's risk. Should accidents or damage occur, the Security office must be notified and will assist the student in proper notification of local officials.

### **Parking Tags**

The University issues student-parking tags during new student orientation. After orientation, student-parking tags are available in the reception window at the Admissions Office. The hang tag must be displayed on the rear view mirror of your vehicle. Please be aware of the designated parking areas for faculty, staff and students.

### **Temporary Parking**

Temporary parking permits are available for visitors to the campus. The receptionists in each building issue the temporary tags. The temporary tag must clearly indicate the expiration date for the authorized parking period.

### **Handicap Parking**

Handicap parking is available at each campus building and is reserved for use by properly authorized and identified vehicles. A state issued permanent handicap license plate or a state issued temporary handicap hangtag is required to use handicap parking spaces. Unauthorized vehicles parked in a handicap space are not only subject to booting by campus security but also subject to ticketing by city police. This policy will be strictly enforced.

## **SALES AND SOLICITATION**

Solicitation of students, faculty, or staff for the purpose of selling merchandise or services or obtaining contributions on campus is allowed only with expressed permission from the University administration office.

## **STUDENT COMPLAINT AND GRIEVANCE PROCEDURE**

Students who feel they have an academic grievance (non-grade related) should first discuss the problem with the faculty member involved, followed then by the Program Director or Department Chair in the specific program. If the matter has not been resolved at that level, the student should take the issue to the School Dean. For non-academic and administrative concerns, students should first discuss the problem with the individual involved, then to the Director of the appropriate department. In the unusual case in which this process fails to bring about a satisfactory resolution, any individual may pursue the matter further by submitting a written complaint/concern to [complaints@franu.edu](mailto:complaints@franu.edu). For additional information please see the Complaint and Grievance Policy.

### **Statement of complaint or concern guidelines:**

All other types of grievances, other than academic, will be addressed to the Vice President for Student Affairs and Enrollment Management.
4. The student submitting the written statement of complaint/concern will receive written notification of action taken to address the complaint/concern from the appropriate Vice President within 5 working days of the statement being received. The decision of the Vice President will be final.
5. There will be no discrimination or retaliation as a result of a student's exercise of his or her rights under this procedure. The University will prohibit and guard against any form of reprisal that may be directed toward a student who files a complaint. Violation of this prohibition will be met with appropriate disciplinary action.
